To His Honour the Lieutenant-Governor in Council:

THE undersigned has the honour to report that the Chief Engineer of the Department of Railways, British Columbia, has recommended that on all open-floor bridges of railways constructed and operated under "special Acts" of the Legislature of the Province of British Columbia, or incorporated under the provisions of the "Railway Act," there shall be laid between the running rails of the track two (2) guard-rails extending fifty feet (50') at least beyond the ends of every bridge, fully spiked to every tie, spliced at every joint, and fully bolted, and so placed in reference to the track-rails that a derailed train will strike the guard-rail without striking the outside gnard-timber.

RODOLPHE BOUDREAU,  
ap24 Clerk of the Privy Council.

[778]

AT THE GOVERNMENT HOUSE AT  
OTTAWA.  
Monday, the 7th day of April, 1913.  
PRESENT:  
HIS EXCELLENCY THE ADMINISTRATOR  
IN COUNCIL.

THE Acting Minister of the Interior, under date the 12th March, 1913, submits that sale was made by the Department of the Interior to James Gadsden at the rate of \$1 per acre, subject to reclamation conditions, of a tract of marsh land in Township 28, Range 22, west of the 5th meridian, in the Railway Belt of British Columbia, and being parts of Sections 16, 17, 20, and 21, lying between the Canadian Pacific Railway on the east and the Columbia River on the west, comprising an area of 633.4 acres:

The Minister states that in connection with the sale Mr. Gadsden paid into the Department of the Interior the sum of \$672.62:

That Mr. Gadsden has done very considerable work by way of the construction of ditches, channels, and flood-gates, and inspections of the same have been made by officers of the Department of the Interior, and it is reported that the enterprise was a particularly difficult one owing prob-

ably to the centre of the marsh being below the level of the Columbia River, making the centre portion of the tract difficult of successful reclamation, but that the reclamation has been partially effective; that Mr. Gadsden has been earnest and *bona fide* in his endeavour to complete the scheme; that he has made large expenditures in that connection, and that it is inadvisable to insist on the full completion of an undertaking which, from an engineering standpoint, might only involve waste expenditure. The proposition, therefore, has been treated as a partial reclamation, and title will be withheld for the portions classified by the officers of the Department of the Interior as still unreclaimed, amounting to 240 acres and shown on the schedule herennto annexed, marked "A." The reclaimed portions amounting to 393.4 acres are shown on the annexed Schedule "B."

By subsection (b) of section 38 of "Regulations for the Survey, Administration, Disposal, and Management of Dominion Lands within the Forty-mile Railway Belt in the Province of British Columbia," of the 17th September, 1889, power was delegated to the Governor in Council, upon the recommendation of the Minister of the Interior, "to encourage works undertaken with a view of draining and reclaiming swamp lands by granting to the promoters of such works remuneration in the way of grants of the lands so reclaimed, or of such portions thereof or any other land, as may be deemed fair and reasonable."

The Minister, therefor, recommends that title issue to James Gadsden for the lands described in the said Schedule "B."

The Committee submit the foregoing recommendation for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.
